● **REVIVE HOME BRANDS:**

- Maps provided by Revive as well as by DLZ to show mapping. DLZ informed the Town's infrastructure is all included within the fence line. Vice President Jeff Smead voiced offering easement of property located behind Revive. In the event the Town needs to utilize the property for any reason.
- Town Council is asking that Revive Home Brands provide their own paid engineering to draw up, how they intend to dig that property out and put the stone in for review for Town of Grabill's engineers, showing that it is acceptable for that weight and traffic
- Taft Law, informed Council to put the agreement into a formal easement. This would not be an exclusive easement, Revive would not have an easement that excludes the Town use of the property. The Town would be allowing Revive Home Brands access to the property for a specific purpose with the Town retaining all rights including possession, use and access while honoring the use of the property by Revive for the purpose intended. The easement being put into place would protect the Town from negligence/ill use of the property use by Revive Home Brands.
- Taft Law to draft up easement and run the proposed easement by Town engineers DLZ.
